Choosing Child Care

Elements of Quality Child Care:

Health and safety: Facility is organized, safe, clean and in good standing with licensing

Learning environment: A nurturing environment supports the whole child

Small group sizes and staff ratios: Help each child grow and learn

Quality: Program meets high-quality standards through accreditation and/or participation in Washington's Early Achievers program

Family relationships and participation: Program has an open-door policy, embraces diversity and makes meaningful efforts to engage all families

Staff professionalism training and turnover: Staff has the knowledge and experience to meet each child's needs, values the diversity of families and seeks ongoing education and training

Child Care Aware of Washington Services

Our representatives will help you find child care that best meets *your* needs. We offer services in all languages.
